REVIEW REPORT TO THE BOARD OF DIRECTORS OF BAHRAIN ISLAMIC BANK B.S.C.

Introduction

We have reviewed the accompanying interim consolidated statement of financial position of Bahrain Islamic Bank B.S.C. (the "Bank") and its subsidiaries (together the "Group") as at 30 September 2013, and the related interim consolidated statements of income, cash flows, changes in owners' equity, sources and uses of good faith Qard fund and sources and uses of Zakah and charity fund for the nine month period then ended and explanatory notes. The Board of Directors is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with the accounting policies disclosed in note 2. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with the accounting policies disclosed in note 2.

1 INCORPORATION AND ACTIVITIES

Bahrain Islamic Bank B.S.C. (the "Bank") was incorporated in the Kingdom of Bahrain in the year 1979 by Amiri Decree No.2 of 1979, under Commercial Registration (CR) number 9900, to carry out banking and other financial trading activities in accordance with the teachings of Islam (Shari'a). The Bank operates under a retail banking license issued by the Central Bank of Bahrain (CBB). The Bank's Shari'a Supervisory Board is entrusted to ensure the Bank's adherence to Shari'a rules and principles in its transactions and activities. The Bank is listed on Bahrain Bourse.

The Bank's registered office is at Building 722, Road 1708, Block 317, Manama, Kingdom of Bahrain.

The Bank has thirteen branches (2012: thirteen), all operating in the Kingdom of Bahrain.

The Bank holds 100% of the share capital of both Abaad Real Estate Company B.S.C. (c) and BisB MMF Company B.S.C. (c) ("Subsidiaries");

Abaad Real Estate Company B.S.C. (c) ("Subsidiary")

The Subsidiary was incorporated in the Kingdom of Bahrain on 8 April 2003 with an authorised and fully paid-up share capital of BD 25 million. The Subsidiary started operations during the year 2007. The main activities of the Subsidiary are the management and development of real estate (in accordance with the Islamic Shari'a rules and principles).

BisB MMF Company B.S.C. (c) ("Subsidiary")

The Subsidiary was incorporated in the Kingdom of Bahrain as a closed joint stock company and registered with the Ministry of Industry and Commerce under Commercial Registration (CR) number 81322-1. The registered address of the Subsidiary is Building 722, Road 1708, Block 317, Diplomatic Area, Kingdom of Bahrain. The purpose of the Subsidiary is limited to establishing investment funds (in accordance with the Islamic Shari'a rules and principles).

These interim condensed consolidated financial statements were authorised for issue in accordance with a resolution of the Board of Directors on 28 October 2013.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The interim condensed consolidated financial statements of the Bank and its subsidiaries (together "the Group") for the nine month period ended 30 September 2013 have been prepared in accordance with guidance given by International Accounting Standard 34 - "Interim Financial Reporting". The interim condensed consolidated financial statements do not contain all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2012. In addition, results for the nine month period ended 30 September 2013 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2013.

2.2 Accounting convention

The consolidated financial statements have been prepared on a historical cost basis, except for "investment in real estate", "equity type instruments carried at fair value through equity" and "equity type instruments carried at fair value through statement of income" that have been measured at fair value.

The consolidated financial statements have been presented in Bahraini Dinars ("BD"), being the functional currency of the Group's operations.

At 30 September 2013 (Unaudited)

2 SIGNIFICANT ACCOUNTING POLICIES (continued)

2.3 Significant accounting policies

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2012 (except for the adoption of a new accounting standard, FAS 26, as of 1 January 2013) which were prepared in accordance with the Financial Accounting Standards ("FAS") issued by the Accounting and Auditing Organisation for Financial Institutions ("AAOIFI"), the Shari'a rules and principles as determined by the Shari'a Supervisory Board of the Bank, the Bahrain Commercial Companies Law, Central Bank of Bahrain ("CBB") and the Financial Institutions Law and the CBB Rule Book (Volume 2 and applicable provisions of Volume 6) and CBB directives. In accordance with the requirements of AAOIFI, for matters for which no AAOIFI standards exist, the Group uses the relevant International Financial Reporting Standards ("the IFRS").

2.4 Basis of consolidation

These interim condensed consolidated financial statements include the financial statements of the Bank and its Subsidiaries. A subsidiary is an entity over which the Bank has control to govern its financial and operating policies in order to obtain benefits from its activities. A subsidiary is consolidated from the date it was incorporated and is included in the interim condensed consolidated financial statements using the purchase method of accounting. All intercompany balances, transactions and income are eliminated on consolidation.

2.5 Adoption of new and amended standard

During 2012, AAOIFI issued a new Financial Accounting Standard (FAS 26) "Investment in real estate", which is effective as of 1 January 2013.

FINANCIAL ACCOUNTING STANDARD (FAS 26) "INVESTMENT IN REAL ESTATE"

The Group has adopted FAS 26 issued by AAOIFI which covers the recognition, measurement, presentation and disclosure of investment in real estate that is acquired for the purpose of earning periodical income or held for future capital appreciation or both.

The adoption of FAS 26 had an effect on the classification and measurement of the Group's direct investment in real estate rather than investment in shares and other financial instruments providing indirect exposure to investment in real estate. The Group has accounted for such other investments under other standards issued by AAOIFI. As a result of the application of this new standard, the Group revisited the classification of the investment portfolio and changes, if any, were made in these classifications in line with FAS 26. The effect of the adoption of FAS 26 has an impact on the opening accumulated losses for 2013 of BD 13,259 thousand (2012: BD 9,185 thousand).

Before the adoption of FAS 26, the Bank was following FAS 17 'Investments' and measured its investment in real estate at fair value and this measurement continues to be followed under FAS 26.

2.6 Investment in real estate

Properties held for rental, or for capital appreciation purposes, or both, are classified as Investment in real estate. Investments in real estate are initially recorded at cost, being the fair value of the consideration given and acquisition charges associated with the property. Subsequent to initial recognition, Investments in real estate are re-measured at fair value and changes in fair value (only gains) are recognised as property fair value reserve in the consolidated statement of changes in owners' equity.

Losses arising from changes in the fair values of investment in real estate are firstly adjusted against the property fair value reserve to the extent of the available balance and then the remaining losses are recognised in the consolidated statement of income. If there are unrealised losses that have been recognised in the consolidated statement of income in the previous financial periods, the current periods unrealised gain shall be recognised in the consolidated statement of income to the extent of crediting back such previous losses in the consolidated statement of income. When the property is disposed of, the cumulative gain previously transferred to the property fair value reserve, is transferred to the consolidated statement of income.

11 FINANCIAL INSTRUMENTS

Fair value hierarchy

Fair value is the amount for which an asset could be exchanged or a liability settled between knowledgeable and willing parties in an arm's length transaction.

Fair values of quoted securities/Sukuk are derived from quoted market prices in active markets, if available. For unquoted securities/Sukuk, fair value is estimated using appropriate valuation techniques. Such techniques may include using recent arm's length market transactions; reference to the current fair value of another instrument that is substantially the same; discounted cash flow analysis or other valuation models.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities;

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy at 30 September 2013:

| Investments carried at fair value through | Level 1 BD'000 | Level 2 BD'000 | Level 3 BD'000 | Total BD'000 |

Transfers between Level 1, Level 2 and Level 3

During the nine-month period ended 30 September 2013 there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into or out of Level 3 fair value measurement.

The carrying values of financial assets and liabilities are not significantly different from their fair values at 30 September 2013, except for the Group's investments in Sukuk held at amortised cost amounting to BD 37,915 thousand (2012: BD 41,049 thousand) and fair values amounting to BD 39,514 thousand (2012: BD 45,066 thousand).
